Increasing cloudiness and  
warmer tonight. Saturday  
probably showers.

# The Paducah Sun.

In Paducah and McCracken  
County, more people read The  
Sun than any other paper.

VOL. XVII. NO. 246

PADUCAH KENTUCKY. FRIDAY EVENING, OCTOBER 13, 1905.

10 CENTS PER WEEK

## PADUCAH FURNACE MAY START AGAIN

### Deal On Foot For It And Grand Rivers Furnaces--Capitalists Visited Them Yesterday.

Paducah and Southwest Kentucky may yet become an important center for the iron industry. The visit to Paducah yesterday of a car load of prominent St. Louis and other railroad and iron capitalists is believed to mean a great deal to this section. After their visit to Paducah in the forenoon, they went to Grand Rivers and inspected the big furnaces there, which are owned by Messrs. Harrison, Simmons and others, of St. Louis. They returned to Paducah in the afternoon, and went up to the iron furnace on South Third street, which has not been in operation for several years. They did not state the object of their visit, but it is a fact that the furnace property is likely to pass into new hands, and be operated.

Mr. J. Dennis Moequet, of the law firm Quigley & Moequet, today confirmed the report that a deal is on for the furnace. He said that negotiations were on for the property, with a view to putting it in operation, but he was not at liberty to make public anything else.

It is believed that the Grand Rivers furnaces will be operated by the same interests that propose to operate the furnace here. The furnaces are in good condition, comparatively, but are to be enlarged.

It is believed that the whole scheme is a part of the plan recently announced in all the papers to form a southern iron merger. There is a great deal of activity in Western Kentucky at present in the iron fields, and the old furnaces in Trigg county, which have not been in operation for half a century, are being rapidly prepared and will be running about Nov. 1. This indicates that there is going to be a revival of the iron industry in this section of the country.

A big eastern syndicate owns about 70,000 acres of fine iron ore lands in Wayne county, Tennessee, between the rivers, and a short time ago had on foot a plan for making fine iron within a short distance of Paducah. The same men own extensive coal lands up near Pittsburg and proposed to float the coal down by barge to Paducah, thence to Stiles, a few miles up Tennessee river.

### PHONY EAR SENT.

Doubt as to it Belonging to Englishman Will as Lacks "Marks"—Consul Investigating.

London, Oct. 13.—There is great anxiety here regarding the fate of Will, an Englishman recently employed by the Turkish Tobacco Revenue department, who, according to dispatch from Salonica, European Turkey, is in the hands of brigands. The British consul at Monastir received a package containing a human ear, accompanied by a letter saying it had been cut from Will, and declaring that Will would be murdered unless the brigands were paid \$5,000 not later than October 14.

Will, who is about twenty-seven years old, disappeared last July. He served as a volunteer in the British army during the Boer war and was returned invalided. Afterward he secured a position in the Turkish Tobacco Revenue department. He is of an adventurous disposition and is known to have strong revolutionary tendencies.

The foreign office received word today that Robert W. Graves, the British consul at Salonica, left for Monastir on October 6, in connection with the case of Will. The officials here and persons closely connected with the Macedonian movement are inclined to believe, however, that the ear does not belong to Will, but was sent with the idea that the ransom demanded would be promptly paid.

### AT HOT SPRINGS.

Mississippi Valley Medical Association to Meet Next Year.

Indianapolis, Ind., Oct. 13.—The Mississippi Valley Medical Association elected the following officers today and decided to meet next year at Hot Springs, Ark.

President, J. H. Carstens, Detroit; first vice president, Dr. J. R. Eastman, Indianapolis; second vice president, Dr. H. H. Grant, Louisville; secretary, Dr. H. E. Tuley, Louisville.

### Arsenic By Mistake.

Niagara Falls, N. Y., Oct. 13.—John Holliday and wife are dead and their grandson, Harry Holliday, is expected to die from arsenic poisoning. Mrs. Holliday used arsenic in biscuits mistaking it for baking powder.

They were to take their ore from Wayne county down to Stiles, coke their coal there, and utilize gas and all in the manufacture of iron. Immense coke ovens were to be built, and it was figured that it would be cheaper to tow the coal down the river from West Virginia on barges, a large load being equal to a train load, than to tow the iron up the river by boat.

The men at the head of this scheme some months ago took an option on a big section of land about Stiles, Ky., six miles above Paducah, and intended to have their immense furnaces and mills there, and build a new town. Dr. S. B. Caldwell, of Paducah, owns some of the land on which an option was given, but stated today that the option had expired, and he had heard nothing lately in regard to the project. The indications are that it has fallen through.

Even if it has, however, it will not affect the other things on the tapis for this section.

The visit of officials yesterday to the Grand Rivers and Paducah iron furnaces is regarded as very significant, and it is believed that both, together with the Trigg county furnaces, are to become part of the big Southern iron merger.

In case the furnace here is operated, it will be enlarged, and big rolling mills established here. It would contribute immensely to the growth and prosperity of Paducah and all this section of the country. The railroads in this section, it is understood, are doing all in their power to help the projects along, and if the plans mature, it will doubtless open the way for additional railroads, several of which are now considering entering this field.

It was ascertained today that while the capitalists were at Grand Rivers yesterday, they made inquiry, after inspecting the furnaces, mine stone quarries where the limestone is secured, and other properties, how long it would be before the furnaces could be started in case it was decided to put them in operation, and were told that it could be done in about ten days. This seemed to please them, but they said nothing further.

### BELONGED TO KIDNAPER.

Sensational Statement Given Out by Husband of Woman Who Lost Child.

St. Louis, Oct. 13.—The kidnapped two-year-old boy, George Howard Reagen, who with his nurse, Miss Goldie Yell of Cloquet, Minn., disappeared from Alton, Ill., Monday night, has not been found.

According to the published statement of Miss Yell's mother, who is in Minnesota, the child belongs to Miss Yell, and was taken into the Reagen home and Miss Yell employed as nurse.

Reagen, who is now in Coshocton, Ohio, in a signed statement, published here today, says:

"Last summer I told my wife bluntly that I believed the child was Goldie Yell's and not hers, and that she had worked a game on me."

### BRITISH OFFICERS

Received and Entertained by the Mikado.

Tokyo, Oct. 13.—Vice Admiral Sir Gerard Noel, commander of the British squadron now at Yokohama and staff captains were received by the Mikado this morning. General Burnett, of the British army, and other military attaches were received in audience simultaneously, and the visitors subsequently lunched with the imperial family.

### FLESH FELL OFF.

After Mrs. Frank Donohoe Was Burned at Her Stove.

Columbus, O., Oct. 13.—Mrs. Frank Donohoe was fatally burned this morning by her clothing catching fire from the stove. The flesh fell from her body in shreds. Her mother and sister were badly burned while trying to extinguish the flames.

### ANOTHER RUSSIAN

Falls a Victim to an Assassin's Bullets.

St. Petersburg, Oct. 13.—Col. Von Kozman, chief of police at Krasnoyarsk, was murdered. He was returning from the theatre with his family when attacked. The assassin fired six shots, several of which took effect. Krasnoyarsk is in Eastern Siberia.

## THEBES FARTHING BACK IN MAYFIELD

### Cashier of Indiana Bank Found in Kansas City.

### He Was Taken Home Yesterday and So Far as Known Makes No Statement.

### WAS STRAIGHT IN HIS ACCOUNTS

Thebes Farthing, the young cashier of the Hauptstadt, Ind., bank, who mysteriously disappeared nearly a month ago and of whom no trace could be found, was returned home yesterday afternoon to his parents in Mayfield by his brother-in-law, Mr. W. A. Usher.

Soon after he mysteriously disappeared it was believed that he was short in his accounts, and a thorough examination was made of the books, but the apparent shortage was finally found, the money being in a Mayfield bank. Everything was perfectly straight, and there was no reason the young man should have vanished so mysteriously.

His parents and his wife, the latter of near Evansville, tried for several weeks to locate him, and it was believed by many that he had committed suicide during temporary aberration.

Several days ago a clue was obtained from Kansas City, and his brother-in-law, Mr. W. A. Usher, immediately left for there and succeeded finally in locating him, and persuading him to return home.

So far as known he has made no statement relative to why he left the bank and his home. He is one of the best known young men of Mayfield, although he has resided near Evansville for several years, and was married to an Evansville girl two or three years ago.

### FIREMAN SAVED TRAIN.

He Found the Engineer Was Unconscious in the Cab.

Chicago, Ill., Oct. 13.—The Illinois Central fast mail for New Orleans escaped derailment at Grand Crossing early this morning by the prompt action of Fireman Wheeler. The train was proceeding at a high rate of speed in disregard of danger signals of the block system. Wheeler jumped to the engineer's side of the cab to find Engineer Frank Rugg insensible, having been struck on the head while leaning out of his window. Rugg will recover.

### GEN. CLARK DEAD.

Was Last Surviving Adjutant of Grant's Army of the Tennessee.

New York, Oct. 13.—Gen. William T. Clark of Washington, D. C., died today in St. Luke's hospital, this city, of cancer of the throat. He was 74 years old and was born in Norwalk, Conn. Gen. Clark was a member of congress from Galveston, Texas, from 1869 to 1873.

He was the last surviving adjutant and chief of staff of General Grant's Army of the Tennessee.

### STILL IN DARK

Are Police in Their Hunt for Adams Express Clerk.

Pittsburg, Oct. 13.—The authorities are as much in the dark today as they have been since the disappearance of Edward G. Gulliford, the Adams Express money clerk, and the \$101,000 which he is charged with having taken. Reports are being received from various parts of the country that the missing man has been seen, but none are given credence.

### Today's Report.

New Orleans, Oct. 13.—Fifteen new cases and two deaths were reported at noon.

### Yesterday's New Orleans Report.

New cases, 15.  
Total to date, 2,261.  
Deaths, 2.  
Total, 419.  
New foot, 3.  
Under treatment, 164.  
Cases discharged, 2,678.

Hickman, Ky., Oct. 13.—The board of health of this city met last night and raised the quarantine.

L. P. BALTZER,  
President Board of Health.

### In No Hurry to Raise Quarantine.

Memphis, Tenn., Oct. 13.—Heavy frosts prevailed in Tennessee, North Mississippi and Arkansas yesterday. Dr. Albright of the state board of health, said that would immediately issue orders curtailing the train inspection service in the more northerly parts of Tennessee. The local quarantine, however, will remain in force for sometime.

## FRANCE AND ENGLAND

### Would Have Stuck Together Against Germany.

Cologne, Oct. 13.—The Cologne Gazette today prints an inspired dispatch from Berlin in which the Paris Matin's recent revelations are discussed.

It is evident the German government assumes that Delcasse believed in good faith that France had Great Britain's promise of military assistance for war with Germany, and shaped his policy accordingly. If Delcasse was self-deceived, the dispatch says still the practical consequences would have been the same and war would have resulted from his passionate policy of revenge.

German views, the dispatch adds, is that the story must be taken seriously until the British government gives out formal utterance to fully vindicate the position of Great Britain.

## FRANCE MAY BE FORCED TO ACT AGAINST VEN- EZUELA.

Paris, Oct. 13.—For the first time since the trouble with Venezuela arose, the situation is regarded as growing acute.

President Castro's persistence in refusing to recognize the French government, which still insists that apologies shall be offered to M. Taigny.

The French cable company also refuses to deal directly with Castro.

The feeling is predominant in official circles that the moment has come for action against Castro, with or without the co-operation of the United States.

## GOV. GEN. WRIGHT

### WILL RESIGN, EFFECTIVE DEC. 1, IT IS REPORTED.

### Said to Be Dissatisfied and Will Return to Nashville to Practice Law.

Washington, Oct. 13.—By reason of what appears to be dissatisfaction with the situation in the Philippines, Luke E. Wright, governor general of the Philippines and president of the Philippine commission, will retire from that position about December 1. Gen. Wright is expected to arrive in the United States during that month, and is entitled to six months' leave of absence prior to the formal relinquishment of his labors as governor general. It is understood that he expects to return to Nashville, Tenn., to resume the practice of law. President Roosevelt and Secretary Taft, it is believed, practically have decided on the successor of Gen. Wright, but no intimation has been permitted to become public as to his identity. It can be stated reasonably definite that Gen. Wright's successor will not be a man now connected with the commission.

## VERY REALISTIC.

### Chicago Press Club Visits Ellis Island Immigration Station.

New York, Oct. 13.—Members of the Chicago Press club visited Ellis Island yesterday where they were given a realistic demonstration of how immigrants are inspected before being allowed to enter this country. Each guest was labeled with a tag like a real immigrant just arrived from Europe and was subjected to the regular examination for admission.

Two of the newspaper men were declared ineligible to land and became American citizens. They did not have enough money to insure the inspectors that they would not become public charges.

## FIRST GENERAL ORDER.

### Of New Pythian Executive Issued From St. Paul.

Indianapolis, Ind., Oct. 13.—Arthur J. Stobart, major general of the Uniform Rank of Knights of Pythias, today issued his first general order, announcing the temporary appointment of Brigadier General Robert E. Kinsey as adjutant general and Brigadier Harry Ward, quartermaster general.

Gen. Stobart says his headquarters will be probably at St. Paul, Minn.

## WRECK ON IRON MOUNTAIN.

### Two Men Are Killed and Five In- jured—Jumped Into Lake.

Valmeyer, Ill., Oct. 13.—Two men were killed and six injured in a collision between work trains on the Illinois division of the Iron Mountain railroad near here. The wreck occurred on a bridge over Mud Creek Lake. It is said both engineers jumped and saved themselves by swimming.

## CONTRACTOR WILL OBEY BOARD WORKS

### Bitulithic Company Expects to Have Work Started Monday.

### Will Have Storm Water Sewers Be- gun Unless Prevented by the City.

### PRESIDENT INGRAM LEAVES.

The board of public works, which claims to have exclusive control over street work, and which the Bitulithic company has decided to recognize as the proper authority to direct street works, has decided to proceed with the work on Kentucky and Jefferson streets, and President Ingram, of the company, who was here yesterday, decided to have the storm water sewers started on these two streets Monday, unless he is prevented by injunction of the general council, or otherwise.

The storm water sewers have to be constructed first, and the bitulithic company sublet the contract to two different companies, to Thomas Bridges Son for the storm water sewers and brick paving between Second and Fifth on Jefferson and from First to Fourth on Kentucky, and to Robertson & Gardner for storm water sewers alone on both streets to Ninth. Mr. Bridges has about finished his part of the storm water sewers, and it is expected that Messrs. Robertson & Gardner will be ready by Monday to put men to work on their part of the streets.

Mayor Yeiser today said in regard to beginning work under a contract the city solicitor says is illegal, that he would not call a meeting of the legislative boards to take any further action, as they have already acted two or three times on the matter.

It is likely that if things can be prepared by Monday, the bitulithic company will proceed with the work. President Ingram does not appear to be displeased over the expense suit filed, as it will not effect his rights, and may satisfy those officials who are now doubtful. His attorneys, both here and in Boston have assured him that the contract is perfectly good, despite any technical, unimportant oversights that might be found in the ordinances, but the bitulithic company wants the city also satisfied.

## THIS IS DOING WELL.

### Careless Operator Who Caused Wreck Must Go to Jail.

Winnipeg, Oct. 13.—Operator Brown, formerly stationed at Renfrew, on the Canadian Pacific railway, was found guilty of manslaughter today for his connection with the recent wreck on that road in which the engineer and express messenger were killed. The wreck was caused, it is alleged, by error in the train order and both the operator and train dispatcher were put on trial. The dispatcher was acquitted. Brown was sentenced to six months in prison.

## Dr. Egan in Cairo.

Springfield, Oct. 13.—Dr. J. A. Egan, secretary of the Illinois state board of health, left this evening for Cairo to note the effect of the frost on Tuesday night on the yellow fever situation, for the purpose of considering the advisability of raising the quarantine which exists against fever infected points in the south. Dr. Egan will probably remain in Cairo until Saturday night.

## Great Revival Ends.

Fulton, Ky., Oct. 13.—One of the greatest religious revivals ever held in Fulton has come to a close at the First Baptist church. The meeting was in progress three weeks, during which there were more than ninety conversions and sixty-seven additions to the church. The services were conducted by Elder J. B. Lawrence, of Humboldt, Tenn., and Elder M. E. Dodd, the pastor.

## DYNAMITE WAS USED ON "BLIND TIGERS"

### Two Supposed "Joints" Blown Up At Gilbertsville, Marshall County, At 2 A. M. Today.

This morning about 2 o'clock, just after the fast I. C. flyer had passed, the residents of Gilbertsville, Marshall county, about 24 miles above here, were awakened by a series of loud explosions, followed by a general trembling of the earth. They arose, rubbed their eyes and peered out into the night to see smoke and general confusion in the vicinity of what were supposed to have been "blind tigers."

Within a few moments after the explosion had awakened the residents, it was generally known that the two alleged "blind tigers" had been demolished, and there was a general rejoicing.

An investigation showed that the building, once the storehouse and residence of Jerry Rice, deceased, had been dynamited and both ends blown out. Setting 20 feet away was another small house, used formerly as a butcher shop, and this, too, had been blown up pretty badly, the damage being so great in both cases that repairs would cost nearly as much as to rebuild, and the residents feel assured that as far as blind tigers existing in these places is concerned, there is little fear to be felt.

The store house had been charged at four different places, and is said to be nearly a total wreck, but the meat house was not damaged to such a great extent.

The property had been vacant for some time until rented several weeks ago, it is alleged, by Lindo Murphy. Murphy had been residing at Gilbertsville for some time, but left yesterday afternoon for Mayfield, and was absent when the dynamiting was done. Murphy was recently indicted, it is said, in Marshall county for illicit whiskey selling.

It is said that after the explosion, an investigation was made, and beer and other intoxicants were found stored in the buildings. There is no clue to the identity of the persons who did the dynamiting. There had been complaint for some time of liquor being sold.

No one was hurt by the explosion.

## IS A DISGRACE.

### That United States Has to Depend On Foreign Ships.

Washington, D. C., Oct. 13.—The principal address before the American Bankers' Association convention today was by Harvey D. Goulder of Cleveland, a prominent marine lawyer, his subject being "Our Commerce." He spoke in advocacy of legislation which would help the American Merchant Marine. He regarded it as disgraceful that the United States with her vast resources, was obliged to depend upon foreign rivals in the trade to carry goods abroad.

## MOTION REFUSED

### For a Rehearing of the Heinz Cop- per Case.

Helena, Mont., Oct. 13.—The supreme court has denied the motion of the plaintiff for a rehearing of the case of the Nipper company owned by M. A. Heinz, involving a million dollars, against the Anaconda and Washoe companies of the Amalgamated Copper company. The action involved the ownership of the Nipper vein in which the supreme court last July reversed the trial judge, and ordered the case back for rehearing.

## UNIQUE REASON.

### Wife Says Husband Hadn't Taken a Bath in 22 Years.

Marshalltown, Ia., Oct. 13.—Because, as plaintiff alleges, her husband has not bathed for 22 years, and brags of the fact, Mrs. Phoebe Naumann, wife of a farmer, today filed a petition for divorce. She asked the custody of seven minor children and \$8,000 alimony or one-third of defendant's property.

## OF BROKEN HEART.

### Bookkeeper of a Bank Wrecked by Forger, Dies at Peoria.

Peoria, Ill., Oct. 13.—Heart-broken over the closing of the Peoria National bank, on account of the defalcations of Professor Newton C. Dougherty, its president, Clavin C. Lines, for 51 years bookkeeper of the bank, died last night.

## Scored the Officials.

Peoria, Oct. 13.—The grand jury adjourned today after indicting O. J. Bailey and severely censuring the school board members and Peoria National bank officials.

## SMALL TWINS.

### Twenty-Two Days Old and Both Weigh Less Than Three Pounds.

New Orleans, La., Oct. 13.—In the Milliken hospital there are a pair of twins which are probably the smallest living twins in this section of the country, if not in the whole United States. Together they weighed less than three pounds, and although they are so small they can hardly be seen in their little beds, they are thriving under the careful nursing of the sisters and nurses of the Charity and Milliken hospitals.

They are boys, and although they are only 22 days old, they have already been named. They are the sons of Mrs. Chas. Morgan, of 1207 Amette street, who being unable to furnish nourishment for the babies, took them to the hospital.

## IS A DISGRACE.

### That United States Has to Depend On Foreign Ships.

Washington, D. C., Oct. 13.—The principal address before the American Bankers' Association convention today was by Harvey D. Goulder of Cleveland, a prominent marine lawyer, his subject being "Our Commerce." He spoke in advocacy of legislation which would help the American Merchant Marine. He regarded it as disgraceful that the United States with her vast resources, was obliged to depend upon foreign rivals in the trade to carry goods abroad.

## TWO HUNDRED MINISTERS

### Attend Twentieth Convention of Evangelical Lutheran Church.

Milwaukee, Wis., Oct. 13.—Nearly 200 ministers and lay delegates, representing 12 synods of the Evangelical Lutheran church, of North America, were present when the twentieth annual convention of the general council opened. Efforts will be made to promote the English branch of the church, which is thought to be adapted to evangelistic work among the younger people. The Rev. Theodore E. Schiunk, D. D., of Lebanon, Pa., was re-elected president at this afternoon's session, and Rev. W. H. Staake of Philadelphia treasurer. The office of general secretary has not yet been filled.

## BOARD OF PHARMACY

### Met at Lexington Today And Or- ganized.

Lexington, Ky., Oct. 13.—The Kentucky State Pharmaceutical board which met here, has announced the following election of officers: C. S. Porter, Somerset, president; G. T. Wilson, Bowling Green, treasurer.

J. W. Gayle, Frankfort, secretary. The board is composed of E. L. Peck, Covington; J. W. Gayle, Frankfort; George Wilson, Bowling Green; D. A. Yeiser, Paducah; Addison Dimmitt, Louisville, and C. S. Porter, of Somerset.

Dr. Yeiser, who was appointed recently by Gov. Beckham, was not present.

## Didn't Indict Suspect.

Edna, Tex., Oct. 13.—The grand jury failed to indict Monk Gibson, the negro suspected of the Condit family murder, and state troops were withdrawn. Rangers are guarding the jail.

## \$100,000 Fire in Texas.

Farmersville, Tex., Oct. 13.—Fire last night destroyed the business section of the town, entailing a loss of a hundred thousand dollars. Fourteen business blocks were burned.

## WORSE THAN

## A CANCER.

A cancer means death. But there are conditions of life where even this death, cancerous ulcers can at least be dressed, and the foul discharge disposed of satisfactorily; but when the mucous membrane becomes inflamed by Catarrh there is no opportunity of dressing the parts.

The sufferer, in the first stages, before the cold becomes chronic, can secure a quasi state of cleanliness by a frequent use of his handkerchief; but the dreadful "dropping down" into the throat finally sets in, and the victim is absolutely helpless.

**PORTER'S CA-TARRH-O** immediately relieves all discharges both outward through the nose, and inward into throat. A single box usually cures, and the finer application relieves that dreadful "dropping down." No cocaine, no opiates, no narcotics. CA-TARRH-O simply cures by its antiseptic properties. Price, 50c. Postage prepaid.

## GREAT INTEREST

IS SHOWN IN THE HORSE SHOW  
IN SURROUNDING TOWNS.Many Exhibits Are Now Promised—  
Tickets to Be On Sale in the  
City.

Requests for premium lists continue to come in to Ben Frank, corresponding secretary of the horse show. From indications there will be a great many more entries than expected. Already many fine horses have been entered and each mail brings news that more are coming. Letters were received from Union City, Tenn., Mayfield and Bandana this morning stating that horses would be brought here from those places.

Mr. Harry Johnson, who has been selected as ticket seller, will have tickets on sale at McPherson's drug store and Smith & Nagel's drug store. He is arranging for his assistants, who will help sell and also take tickets.

There will be many visitors here during the big event and they will continue to arrive early next week. Nearly all the society people have invited guests from out of town.

The committees are diligently at work arranging every detail and when the time comes for throwing the horse show open everything will be in readiness.

Mr. D. A. Meacham left this morning to advertise the show at points down the N. C. and St. L. and tomorrow he will go to Hopkinsville and other places, not returning until Monday night. He reports that in every town he has visited there is great interest in the horse show and from the way people talk there will be immense crowds come here from all surrounding places. Every man who owns a fine horse will likely have the animal entered.

Those who will take part in the musical ride for the horse show will meet tonight at the Baseball park at 7 o'clock.

## Theatrical Notes

Saturday matinee and night "Hawes  
Moving Picture Show."

Kentucky is to put out another wild-west show next year. E. G. Burr, of Louisville, and his brother there and one in Montana, R. A. Smith, of Stephensport, and Judge John S. Adair, of Hawesville, are the promoters. The main feature of this attraction will be a reproduction of the celebrated Custer massacre. The present intention of the management is to organize the show at Alliance, Nebraska, and start from there during next May.

The play "Why Girls Leave Home" will be the attraction at The Kentucky on Monday night. It is a much better written play than the majority of its class and does not depend upon mechanical contrivances for its success. There is an intensely interesting story of the frailty of the weaker sex and a man's perjury, told according to the adage that "truth is stranger than fiction." The production is staged in an elaborate manner and a company of players, a majority of whom have attained prominence, have been engaged to interpret the several characters in the drama.

There is an impressive grandeur about the great grave ocean that must be seen to be realized. This medium is the exhibition of the notable ocean photography included in the exhibition of Lyman H. Howe's new Lifeorama at The Kentucky on Saturday matinee and night. It is entitled "A Trans-Atlantic Voyage." No artist could depict the translucent moving waters more truly. For this comprehensive series reveals not only the life of the sea, but also with equal fidelity the inspiring sights on shore immediately preceding the departure and anticipating the arrival of a palatial ocean steamship.

Frank L. Perley has discovered in the charming personage of Frances Ann Wear, a young Texan whom he believes to be the musical find of the year. Mr. Perley has secured the services of the young woman for a term of years and has given her the important role of Cherry in his famous Frank L. Perley Opera company, which is presenting last season's most emphatic success, "The Girl and the Bandit," (non-syndicate). These delightful personages together with their attendants to the number of one hundred will soon make their initial bow to local theatre goers at The Kentucky Wednesday night.

Matinee Tomorrow.

It is doubtful if any single exhibition in this country or abroad has created a more lasting impression than that of Lyman H. Howe's new Lifeorama at The Kentucky tomorrow matinee and night. During the past ten years Mr. Howe has astonished and enchanted annually hundreds of thousands of his patrons, and by the marvelous dexterity and ingenuity of his exhibition has lifted it far above the heads of his contemporaries.

He that would look with contempt on the pursuits of the farmer is not worth the name of a man.—H. W. Beecher.

## THE ROOT OF THE MATTER

He Cured Himself of Serious Stomach  
Troubles, by Getting Down to  
First Principles.

A man of large affairs in one of our prominent eastern cities by too close attention to business, too little exercise and too many club dinners, finally began to pay nature's tax, heeled in the form of chronic stomach trouble, the failure of his digestion brought about a nervous irritability making it impossible to apply himself to his daily business and finally deranging the kidneys and heart.

In his own words he says: "I consulted one physician after another and each one seemed to understand my case, but all the same they each failed to bring the return of my former digestion, appetite and vigor. For two years I went from pillar to post, from one sanitarium to another. I gave up smoking, I quit coffee and even renounced my daily glass or two of beer, without any marked improvement.

"Friends had often advised me to try a well known proprietary medicine, Stuart's Dyspepsia Tablets and I had often perused the newspaper advertisements of the remedy but never took any stock in advertised medicines nor could believe a fifty-cent patent medicine would touch my case.

"To make a long story short I finally bought a couple of packages at the nearest drug store and took two or three tablets after each meal and occasionally a tablet between meals, when I felt any feeling of nausea or discomfort.

"I was surprised at the end of the first week to note a marked improvement in my appetite and general health and before the two packages were gone I was certain that Stuart's Dyspepsia Tablets were going to cure completely and they did not disappoint me. I can eat and sleep and enjoy my coffee and cigar and no one would suppose I had ever known the horrors of dyspepsia.

"Out of friendly curiosity I wrote to the proprietors of the remedy asking for information as to what the tablets contained and they replied that the principal ingredients were ascorbic pepsin (government test), malt, diastase and other natural digestives, which digest food regardless of the condition of the stomach."

The root of the matter is this, the digestive elements contained in Stuart's Dyspepsia Tablets will digest the food, give the overworked stomach a chance to recuperate and the nerves and whole system to receive the nourishment which can only come from food. Stimulants and nerve tonics never give real strength, they give fictitious strength, invariably followed by reaction. Every drop of food, every nerve and tissue is manufactured from our daily food, and if you can insure its prompt action and complete digestion by the regular use of so good and wholesome a remedy as Stuart's Dyspepsia Tablets, you will have no need of nerve tonics and sanitariums.

Although Stuart's Dyspepsia Tablets have been in the market only a few years, probably every druggist in the United States, Canada and Great Britain now sell them and considers them the most popular and successful of any preparation for stomach trouble.

## LAWLESSNESS IN BELL

DESCRIBED TO THE GOVERNOR  
BY EDITOR ALBRECHT.Says the People Have No Idea of  
Conditions at Middlesboro—Action  
Should Be Taken.

Frankfort, Ky., Oct. 13.—G. W. Albrecht, of the Middlesboro News, president of the recently formed Law and Order League of that city, organized for the better protection of its citizens and their property, came here last night and had a conference with Gov. Beckham regarding the lawless condition of affairs there, growing out of the assassination last week of Jack Bolin, a barber, and the steps necessary to be taken to preserve law and order. Mr. Albrecht told the governor and others with whom he talked that the situation at Middlesboro is deplorable; that it equals that at Jackson and Breathitt counties several months ago, and that in his opinion, unless some positive step is taken, many good people will likely lose their lives. He says that Bell, the alleged slayer of Bolin, is a free man, though under indictment for the murder, and rewards aggregating \$1,000 hang over his head. He says no one dare arrest him, as Bell can at any moment call about him, and to his assistance, not less than 25 armed and desperate men who will protect him. He says that since the murder Bell has been seen on the streets of the town with a police officer and no effort has been made to apprehend him.

Mr. Albrecht says that the people of the state can have but little idea of the situation at Middlesboro, as but little of the real situation gets into the newspapers. He says several

THE CLOTHIER, 216 BROADWAY

men have been killed in the town in past months, notice of which killings did not even get in the newspapers of the town. He says it was safer for the newspaper people to ignore the killings, and they have done so until the murder of Bolin took place. Since that time his paper has been outspoken against the crimes being committed and will continue the fight as long as he is backed up by the authorities, and can feel safe in doing so.

## Saved His Life.

J. W. Davenport, Wingo, Ky., writes, June 14, 1902: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors and they told me one of my lungs was badly affected. I also had a lump on my side. I don't think that I could have lived over two months longer. I was induced by a friend to try Ballard's Snow Liniment. The first application gave me great relief; two fifty cent bottles cured me sound and well.

It is a wonderful medicine and I recommend it to suffering humanity. Sold by Alvey & List.

## Minister's Wife Dead.

Cairo, Ill., Oct. 13.—Mrs. Scarritt, wife of Rev. J. A. Scarritt, for a number of years pastor of the Methodist church of this city, died after an illness of only three hours. Mrs. Scarritt was in apparently good health yesterday and was not taken ill until midnight. Her complaint was a heart affliction.

Mrs. Scarritt was 73 years of age and had resided in Cairo with her husband at three different times, when he was called to this pastorate. Besides her husband, Mrs. Scarritt is survived by a granddaughter, Miss Blanche Parsons, daughter of Mayor George Parsons.

## Gravel Road Nearly Complete.

The gravel road being built from Hard Money, Graves county, to Paducah will be completed next week. This will be one of the best roads in McCracken or Graves counties and will bring lots of trade to this city.

### THE TOPPER

There is more in a Top Coat than a few yards of cloth cut and sewn together—much more. It is a something, however, which may be defined by a single word: individuality. And in buying your clothes you should face the fact that it is the individuality which counts, for it makes the first impression; details are observed later. Our coat building is governed by these principles. Not alone in appearance but every detail is carefully looked after. No coat in a young man's wardrobe is so useful or attractive for general wear as a topper.

**\$7.50 to \$30.00**

## MEN'S APPAREL FOR HORSE SHOW WEAR

IN anticipation of the great social affairs and the regulation with which fashion governs the course and success of the Horse Show, we have exercised discriminating care in preparing and assembling most exclusive styles for men. Men of wealth, distinction and social power acquire their aristocratic, immaculate appearance through the medium of our high grade clothes. We show the authorized styles, the little knacks and graces that only highest priced custom-made garments present, yet at a lower price than the tailors will ask. Just such styles appropriately used for Horse Show events and qualified for the most esthetic dressers. Make your wants known to us and they will be supplied in the most correct ideas in men's, youths' and boys' clothing and furnishings. We would especially like to call the attention of mothers to our Children's Department.

### UNDERWEAR

Not quite time for the very heavy kind of underwear and the summer weights are not heavy enough. Half of the men are wearing ill-fitting underwear; some don't realize it, and the others think it can't be helped.

We guarantee you a distinct sensation the first frosty morning you step out in one of our made-to-fit union suits—made to fit YOU. The two-piece kind, too, for those who prefer them. We can please and satisfy the underwear notions and needs of every man who calls.

And our suits cost no more than the other kind—\$1.00 to \$7.50 a suit.

WOOL UNDERWEAR

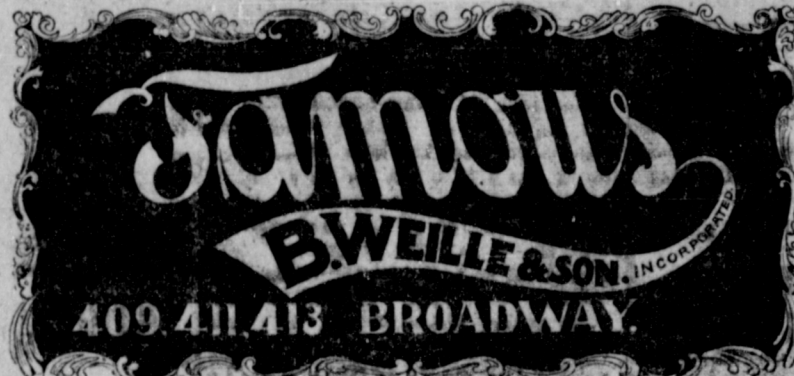

### UNDERWEAR

For those who demand the best underwear we bespeak consideration for Dr. Jaeger's Sanitary Woolen System. This system is the result of life-long investigations on the subject of proper clothing, made by Gust v. Jaeger, a distinguished German physician. All articles are manufactured of the finest and purest sheep's or camel's hair wool, without any admixture of linen or cotton and without the use of any dyes. It performs perfectly the function of all underwear—KEEPS IN THE HEAT AND KEEPS OUT THE COLD. If you are subject to colds come in and let us sell you cold insurance.

### HORSE SHOW REQUISITES

We would especially call your attention to some of the things you will likely need for the coming Horse Show:

Dress Suits, Dress Vests, Silk Hats, Opera Hats, Driving Gloves, Dress Gloves, Ties, etc.

### HORSE SHOW HATS

Always having the welfare of our customers at heart we have received for the occasion the Horse Show Hat. It is very swell and just the thing for the Horse Show.

Come in and let us show you this nobby hat.

COLLEGE BRAND CLOTHES  
REGISTERED NO. 44853

### THE PALETOT

If you would be "the glass of fashion and the mould of form" you should by all means have a Paletot Coat. It has character and dignity and, in our line, the e is that touch of the "hand-tailored"—a made-for-you appearance—that stands the scrutiny of the most expert tailor. Most tailors hesitate about attempting a Paletot, for its elegant simplicity is hard to attain. But our coats are tailored by men who are educated to please the most fastidious. You have no idea how this coat would blend with your evening clothes.

**\$15.00 to \$35.00**

### STOVES IN SCHOOLS

WERE NOT READY IN SOME ROOMS AND CAUSE TROUBLE.

This Afternoon a Principal's Meeting Will Be Held at the High School.

The Franklin building on South Sixth street was cold yesterday again on account of the stoves not being up, but today the stoves are being set up and no more trouble will be experienced.

The janitor took the stoves down two weeks ago for cleaning the piping, and finding all the piping burned out and unfit for service, did not put the stoves up again, but waited until the board could allow money for new piping. Then the unexpected cold snap came.

At the Garfield colored school there are no stoves, but the building is furnished with grates and no trouble from cold has been experienced. Supt. Leib will see that all stoves in buildings where there are no furnaces are rearranged so that the best of service can be had. Some of the buildings are very badly in need of this improvement, the stoves being placed in such a position as but few pupils get the benefit of the heat.

The plumbers are ready to tap in the gas for laboratory use in the High school building but found that the electrical and gas fixtures were a combination and that a special line will have to be run to the laboratory or the entire building fitted out with gas burners. The expense of running the special line to the laboratory is smaller than that of putting in burners and rearranging the fixtures and was adopted by the authorities.

This afternoon a principal's meeting will be held and reports from each school heard. The attendance has fallen off a little this week on account of the weather but the enrollment has not decreased.

#### Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine, E. H. Wolfe, of Bear Grove, Iowa, cheated death. He says, "Two years ago I had Kidney Trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." W. B. McPherson, druggist, guarantees them at 50c.

Ask your grocer for Mrs. Austin's Pancake Flour. Fresh and delicious.

### WORKING ON CLUE

But No Arrests Have Been Made in Fulton Assassination.

Hickman, Ky., Oct. 13.—Officers are still at work on the assassination of Prof. Roach, who was slain about a week ago at his home near Jordan, Ky. As yet there is no positive clue, but a great deal of evidence has been gathered, and, ere long, the murderers will be brought to justice. At first it was thought that some parties went to his home to scare and intimidate him, and that the killing was the result.

The officers have learned enough of the facts to know that it was a deliberate attempt at assassination; that there was one man on one side of the buggy house and one on the other. They shot him down, then ran behind the buggy house and dared not cross in front of the door. The bloodhounds followed the trail without difficulty to Liberty church, and from there towards Fulton until it was lost, evidently by the murderers securing horses and riding away.

#### Water Main Broke.

For several hours the New Richmond Hotel was without water last night and this morning. While there was no suffering the hotel was in danger because the boiler attached to the range in the kitchen might have blown up. The main on Jefferson street broke yesterday evening and the accident necessitated the water being shut off in that district for a while. Fortunately Mr. Dale had about 100 gallons of water in the boiler and he would not allow any of it drawn off.

A wise man gives cross women and crossed electric wires a wide berth.

### Ten Per Cent on Time Deposits.

Invest with us and get 10 per cent on your money.

We buy our supplies by the wholesale at 10 per cent discount and give our patrons the benefit of it.

It's this way: Have your teeth repaired at a cost, say \$50.00, and make \$5.00, the 10 per cent which we give you.

We do all kinds of high-class dental work. Painless extracting by the great Somnolium method.

### THEY WITHDRAW

CHALLENGE SENT TO THE PADUCAH RIFLE CLUB.

St. Johns Boys Did Not Desire to Shoot Under the Regulation Rules.

The proposed competitive rifle and revolver shoot between the clubs of this city and St. John, Ky., for the championship of West Kentucky, fell through, the St. Johns boys withdrawing the challenge issued to the Paducah Rifle and Revolver club.

The challenge was received last week from the St. John club and Mr. Jack P. Probus, secretary of the local club, instructed to write an acceptance, stating the rules for the shooting. The American Standard rules were desired by the local club, which means that the shooting must be done free-hand from 100 to 300 yards, but the St. Johns boys, it is said, wanted to shoot at 40 yards on rest.

The answer was received last night by the St. John club refusing to shoot under the American rules, and withdrawing the challenge. Thus ends the proposed championship match.

Beginning with tomorrow the regular fall "Beef Shoot" will take place in the St. John neighborhood. The marksmen of that place every fall put up a beef to shoot for. Five men form a purse and buy the beef. The best score gets the beef. This class of sport has been popular in that neighborhood and attracts a great deal of attention.

The Paducah competitive shoot will begin the 20th of the month and continue throughout the remainder of the year. The club makes up several purses for the best range score and also three for the first, second and third best scores in the shooting at all three ranges, 100, 200, and 300 yards. There are some excellent marksmen in the club and the shooting will be hotly contested.

#### No Frost Last Night.

There was no frost last night, as the weather was too warm. Pleasant weather is expected for several days.

### RIVER NEWS

#### River Stages.

Calcasieu, 11.3—0.4 fall.  
Chattanooga, 3.2—0.8 rise.  
Cincinnati, 7.1—stand.  
Evansville, 4.8—0.2 fall.  
Florence, missing.  
Johnsavage, 2.0—0.9 fall.  
Louisville, 3.1—0.1 fall.  
Mt. Carmel, 2.9—0.1 fall.  
Nashville, 9.0—0.2 fall.  
Petersburg, 6.0—0.2 fall.  
Perry Island Dam, 4.4—1.6 rise.  
St. Louis, 9.4—0.4 fall.  
Mt. Vernon, 4.2—stand.  
Paducah, 3.3—0.1 fall.

The gauge this morning read 3.3 feet, a fall of 0.1. Southwest wind, and clear.

The Warren left at 8 a. m. for Cairo. There was no Evansville packet today. The Henry Harley will arrive some time tomorrow from Evansville and leave soon after she gets in.

The Kentucky is due from the Tennessee river and she will leave again tomorrow evening. The Bob Dudley is due from Clarksville, Tenn., and will leave soon after her arrival for Nashville. The Cumberland river has been rising the past few days and there is now a sufficient stage for the Dudley to get to Nashville.

The City of Saltillo is due Sunday from the Tennessee river for St. Louis.

The gasboat boat Minnie Ogden passed down from Dyersburg yesterday afternoon with two barge loads of canned tomatoes for Mound City.

The Lizzie R. Archibald was put on the dry docks this morning for repairs.

The Royal arrived this morning from Gettysburg and left for that place at 2 p. m.

The Charleston will run an excursion Sunday to Lawton's Bluff and Goose Pond, on the Tennessee river. She leaves the wharf at 8:30 a. m. and will also land at the foot of Elizabeth street. The boat also lands at Clark's river ferry on both sides of the river.

The sinking of the towboat Star, which met with an accident in the fall of 1869, is recalled by Pittsburg rivermen due to the finding of the bell belonging to the steamer by E. Scott, of McMechan, W. Va.

The Kit Carson and Scotia are en route from Mississippi river to Mound City, Ill., for repairs.

Capt. C. M. Johnson, owner of the Grace Reeder, which is on the narrow ways for repairs, was painfully injured yesterday while at work on his boat. He was chopping on a plank with an axe when he missed the plank and struck his foot, inflicting a painful wound. Dr. Pend-

ley dressed the injury. Capt. Johnson has been ill from malaria and yesterday was his first day out for several days.

Louisville and Cincinnati are still fighting over which shall have the Kentucky river trade, and while the latter city's merchants are negotiating to buy the steamer Falls City, a committee of Louisville Commercial club members are soliciting subscriptions for the same end. It's getting to be like a tug of war. Kentucky river trade is a big item to either city, as the river is the only means of communication with a rich and populous section.

Memphis News-Scimitar: The City

of Idaho, which was seized by the Planters' Packet company to enter the Memphis-Randolph trade, has not yet arrived at this port, and the management is lacking definite information concerning the movements of the packet. River telegrams in Cincinnati papers state that the boat has been held up at Paducah by libel proceedings. Of this the Planters' Packet company has no information, as any libel against the boat would bring the Memphis company into the action. No schedule will be announced for the City of Idaho until she arrives at Memphis.

Capt. Frank Conner, a Florida river towboatman, is in the city looking

for four towboats to take back to the peninsula state. He came here from Paducah, and expects to go to other big towing points on the Ohio before he decides on his purchases.—Evansville Journal-News.

The Bob Dudley arrived this morning from Clarksville, Tenn., and left at noon for Nashville. There is now sufficient water in the Cumberland river for the Dudley to get to Nashville.

The Dick Fowler will be in readiness for her trade Monday morning. The repairs on her will be finished Saturday but she will not go back in her trade unless there is plenty of water.

## Daily Thought.

"No man is established by flattery any more than a fence is strengthened by whitewash."

## ONE THING WE NEED.

The greatest organization of financiers in the world—the American Bankers' Association—has endorsed the ship subsidy idea. This has been up for discussion and in congress a number of times, and its object is to improve American commerce. Because it has been claimed that such a move would benefit certain ship owners, many people have lost sight entirely of the incalculable advantage and benefits that would accrue to the country at large, and have opposed it, while some of those who have favored it have been greatly but unjustly censured.

The action of the American Bankers' Association, however, an association which contains some of the most patriotic and intelligent men in the country, is a victory for the ship subsidy idea. The association is non-political and non-sectarian, and embraces men from every part of the United States.

The merchant marine question is a very intricate one, and doubtless few understand it, but these bankers are among those who do, and they say it is good. Their action came after a speech by Secretary of the Treasury Shaw, who, among other things made plain the need of more American ships for commerce in the following words:

"We occupy the best position on the map. We have the safest and the most convenient form of money in the world. We speak the language of commerce. Our farms yield gold

literally by the carload, silver by the train load, and there is unloaded on the shores of a single common-wealth more iron ore than any other country produces. Our forests yield one hundred million feet of lumber for every day of the calendar year. Our factories turn out more finished products than all the factories of Great Britain and Germany combined by more than three thousand millions every twelve months. We transport this matchless product of farm and factory, forest and mine, from the interior to the sea at one-third what similar services cost anywhere else beneath the skies. We carry it from point to point along the coast in better vessels, on quicker time, and at cheaper rates than others. But at our coast line we are brought to an abrupt halt. Here we are no longer independent. Our foreign commerce is four times as large as forty years ago, but we carry in our own ships only one-third as many gross tons as forty years ago. We have, protected and encouraged every interest but our merchant marine and every protected interest has flourished. We have every facility for international commerce except international merchants, international bankers, and an international merchant marine. Shall we not have these? I am not urging ship subsidies. I am speaking of results, not of methods. If we will but take advantage of our opportunities we will send these products of farm and factory under every sky and into every port, and make our financial centers the clearing houses of at least a fraction of the world's trade."

## EFFECTS OF PADUCAH'S HIGH TAXES.

Paducah's tax rate, forced on the people by the present extravagant mismanagement, caused something of a sensation in the state development convention at Louisville yesterday. One speaker, after telling how bad things were in Louisville, added, "In Paducah, it is still worse." He then showed where the tax rates combined here—state, county and city—amount to \$3.15. He illustrated it by saying that a person with \$150,000 worth of taxable 4 per cent. bonds would get an income on those bonds of \$6,000 a year—a good living, however, instead of having \$6,000 to spend he or she would have left, if he or she lived in Louisville, \$1,920. This means that out of the \$6,000, the state, county and city would receive \$4,080.

"In Paducah the situation is still worse." Here the owner of the bonds, instead of enjoying his \$6,000 income, would have left after paying state, county and city taxes, only \$1,275. When one thinks of such outrageous robbery with little or nothing to show for it, is it any wonder that there is perpetual discontent and tax dodging? And the people here long going to stand for it? If they do not want this high tax rate we have in Paducah to keep them continually poor, they had better go out Tuesday, if they have not already done so, and register, and then in November vote against every man who belongs to the crowd, or has the crowd's support.

It is time to put incompetents and grafters out of office. The only way to do it is by voting them out.

Start the good work now.

The city has made a mess of the street reconstruction, as it usually does of everything it undertakes under the present administration. It now does not know which way to turn. If it orders work suspended until spring it will only further acknowledge the contract, and if it extends the time it will be doing the same thing. It has refused to order or allow a suspension, and it was given-out that it would force the contractors to complete the work by the time limit, Nov. 1st, expecting to bluff the contractors by holding over their heads the penalty for failing to complete the work in time. It develops, however, that there is no penalty clause, consequently the contractors will not have to pay a cent for failure to complete the work in time, and can go ahead and take all the time they want. It leaves the city worse embarrassed than ever, and is no better than the administration deserves. It made a contract with the bitulthic company and then without any reason whatever attempted to repudiate it. A gang that attempts to repudiate an honest agreement without cause deserves no sympathy.

The state development convention at Louisville was a sort of "feast of reason and flow of soul." If we

## JUST SOAP...

Pure, durable soda soaps are what we keep. No potash soaps, mixed with sand to make them hard, and containing an excessive amount of alkali, will be found in our cases.

Our soaps are all made from vegetable oils and soda. You can't make a good soap any way.

## Drifting or Steering?

Are you drifting or steering? Do you let yourself be at the mercy of the street of current events, spending your income to the last cent on present enjoyment?

Get a purpose in your life. Start toward it. If you spend money make it a point to save money. Have an object in your saving and it will become easy.

This bank can help you by placing at your disposal all its facilities for saving—Home Savings Bank, 4 per cent. compound interest, the privilege of depositing or withdrawing money at will. One dollar will start an account.

## MECHANICS & FARMERS SAVINGS BANK

227 Broadway

could just get rid of the men who have been running things in the state through their political pulls and incidentally plundering the people, Kentucky would soon be up with any other state. It is a pleasure to see able, enterprising and fearless men get together as they did at Louisville, and show each other what the state needs, and it is hoped that the people, after seeing it, will take steps to get it.

The constitutional amendment should escape the mind of no voter. It is very imperative that every man vote against the amendment if he hopes to ever again vote his convictions in Kentucky without fear of persecution, ostracism, or worse.

Every republican who has not registered should do so next Tuesday. It must not be neglected. It is very important for the entire city. It is hoped that every republican will rally to the call and turn out Tuesday.

## RASPBERRY ON TRIAL.

Will Go On Stand, Confess His Crime and Plead Justification.

Dyersburg, Tenn., Oct. 13.—The trial of G. M. Raspberry, charged with the killing of Jim Tucker about a month ago in this county, was begun at the courthouse here yesterday. Hon. Rice A. Pierce of Union City, was added to the force of the defendant's attorneys and T. C. Gordon was added to the force of the prosecution. The entire day was consumed in the selection of a jury, but the panel was complete by 5 o'clock in the afternoon. As soon as the jury had been completed the witnesses in the case were called, sworn and put under the rule. There are about 50 witnesses to be examined, and the case will consume the remainder of the week. The evidence will be taken down by a stenographer, as the case will be hotly contested. It is believed that Raspberry will go on the stand and confess the bloody deed and plead justification. Great interest is felt in the case and great crowds are in attendance at the trial.

## RATE HEARING.

Has Begun at Frankfort—Lasts Two Days.

Frankfort, Ky., Oct. 13.—In the hearing before the railroad commission of Kentucky on freight rate discrimination, charges of which were made against all companies in the state, which was begun yesterday, counsel for the companies moved that the petition of the commonwealth to be made a party complainant with certain shippers be stricken from the files. They also filed special and general demurrers to the petition, and entered motions that plaintiff elect which of the several companies it will proceed against and dismiss the case as to others; that it strike from its petition all allegations except that of extension, raising the question of jurisdiction as to other complainants. The hearing will continue two days.

## A CLEAN SWEEP.

Dougherty Got \$280,000 of School Board Money in Two and a Half Years—More Indictments.

Peoria, Ill., Oct. 13.—O. J. Bailey, chairman of the finance committee of the school board, was this afternoon charged by the grand jury with malfeasance in office. This follows the investigation into the conduct of Former Superintendent Dougherty, now in jail under various charges.

It is reported the grand jury will tomorrow return forty-three additional indictments against Dougherty. It was estimated today that the loss to the school board since January 1, 1903, amounted to \$280,000.

**YOU DON'T HAVE TO WAIT**

## Hebrew Holiday Begins.

The Hebrew Succoth Feast of the Tabernacles begins this evening and continues throughout tomorrow. It will be celebrated with special service at Temple Israel, and the music will be very fine.

## HOURS OF DEBATE

ON WHETHER OR NOT HOPELESS SUFFERERS SHOULD BE KILLED.

Unusual Question Broached at Philadelphia Convention and Defeated.

Philadelphia, Pa., Oct. 13.—Miss Helen Hall, of Cincinnati, for hours vainly endeavored to have the American humane association place the seat of its endorsement upon a proposition to put an end, by the use of anaesthetics, to the lives of persons hopelessly injured or lying in agonizing death throes from disease.

While pleading with the society to take this up as part of its work, she graphically portrayed the torture of the engineer in a wreck, pinned underneath the ponderous engine, while the flames were slowly roasting him. She said that she asked for just the same mercy that is extended to a wounded animal without question, a bullet end to their sufferings.

"I would have a merciful death by anaesthetics meted out not only to victims of train wrecks, but to persons dying of diabetes, consumption, cancer, hydrophobia or lockjaw," added Miss Hall. "For the past two years I have always carried a vial of chloroform with me when riding on trains, for use in case of emergency, as I was brought to consider this subject through a horrible experience."

Supporting Miss Hall's proposition which was ruled out by the chairman, Dr. William O. Sullivan, of Albany, on the ground that the articles of incorporation of the society confined its operations to cases of cruelty to animals or children. Mrs. M. Totten, of Washington, one of the founders of the organization, warmly exclaimed: "If I were in a wreck and saw cases such as have been described, and had a pistol I would certainly shoot the sufferer to put him out of his misery."

The idea of using anaesthetics to end suffering at train wrecks has been advocated by Mrs. Ballington Booth, who is endeavoring to have the railroad companies carry on their trains, in charge of the conductor, a small case containing opiates and other medical and surgical supplies. Dr. Sullivan vigorously combated the propositions. The audience, with few exceptions, appeared to be with him, and the convention decided with the doctor.

## THEFT ALLEGED

AGAINST COLORED PORTER AT SHERILL'S SALOON.

Warrant Against Jim Casey For Shooting Tom Moss Was Dismissed in Police Court.

Friday, the 13th, proved an unlucky day for Will Jackson, colored, who has been employed in the James Sherill saloon on North Fourth street.

For several weeks the proprietor has been missing whiskey and canned sardines and began investigating, the requisition resulting in suspicion being attached to Jackson. A warrant was issued against him and his arrest was effected this morning. His case was continued in police court this morning on account of the absence of witnesses.

Jim Casey, colored, who shot Tom Moss, colored, on the Clyde Wednesday afternoon, was discharged, the warrant for malicious shooting being dismissed on motion of the prosecuting attorney. Both negroes alleged the shooting was purely accidental.

Other cases were: Annie Brewer, colored, petty larceny, continued; Will Henderson, gaming, colored \$20 and costs.

This is "Hoodoo" Day.  
 This is a "hoodoo day"—Friday and the 13th of the month.

## INTERESTING POINT

ATTORNEYS CLAIM MRS. ROGERS CANNOT BE HANGED.

Complications Are Such That No One Has a Legal Right to Pass Sentence.

Washington, Oct. 13.—Her attorneys contended before the United States supreme court yesterday that Mrs. Mary M. Rogers, under sentence of death for the murder of her husband, cannot now be legally executed at any time.

Attorney General Fitts of Vermont, entered a motion in the supreme court for the advancement of the case on the docket. He said that if the case should not be disposed of before December 8, next, great delay must necessarily result because of the conflict of the state and federal laws. Mr. Fitts continued:

"The appellants contend that no federal question is presented in this case, that since, under the revised statutes of the United States section 766, any and every act under the laws and constitution of Vermont pending this appeal are null and void, the legality of any further relief by the governor until this cause is disposed of is doubtful, and under section 2,004 of the Vermont statutes no new sentence of death can be imposed to take effect until after the first day of January, 1907; therefore if this cause is not heard and disposed of before December 8, 1905, there must result long delay in carrying out the penalty imposed by the law for the crime of which the appellant stands convicted."

In opposing the motion to advance Mrs. Rogers' attorneys contended that the proceedings against her have been irregular and illegal and added:

"The supreme court having taken jurisdiction, it alone had authority to fix the time, the time fixed by trial court having elapsed. The supreme court, however, did not stay execution of the death sentence and did not fix a time for carrying it into effect. It now has no jurisdiction to do so."

"Sentence of trial court that appellant be executed Feb. 3, 1905, cannot be carried into effect. That court has no jurisdiction to pass a new sentence or fix a time for executing the death sentence it did pass. That court has adjourned without day."

"There is no court or officer or person who can now lawfully pronounce sentence of death upon appellant or can fix a time for carrying the death sentence of the trial court into effect, or lawfully cause the death penalty to be inflicted upon

her, for this offense for which she has been convicted unlawfully as she claims.

"The law of Vermont provides a way for her legal trial and execution, but those laws have not been followed and she is now imprisoned without right or authority, and unless this court makes available to her the guarantees of the constitution of the United States she will be executed at some future time about fixing the date of which she cannot be heard, although the law of Vermont provides she may be heard as to that."

## AGAIN POSTPONED

Was the Decision of the East Tennessee Case.

Police Judge D. L. Sanders has again postponed his decision in the case against the East Tennessee Telephone Co., for breach of ordinance.

The telephone company is charged with tearing up the streets without a legal permit, and City Solicitor Campbell and Attorney Charles K. Wheeler, the latter for the defend-

ant, made arguments yesterday morning. At the conclusion Judge Sanders reserved his decision, and this morning having been presented with more references by the prosecution, again postponed his decision. He will render it tomorrow morning.

The only Tea and Coffee store in Paducah.

## NEW OFFICES

**WILL BE ESTABLISHED BY THE NEW RAILWAY CORPORATION**

**Headquarters and Transfer Station in Nahn Building Near 4th and Broadway.**

Now that the big deal for public properties is almost entirely consummated, the new owners are laying their plans for the future, and one of the first things they will do will be to open one of the finest and most complete offices in the city.

They have taken a long lease on the Max B. Nahn building near Fourth and Broadway, now occupied by the Kentucky Glass and Queensware company, necessitating the latter selling out, and will have the building fitted up in the most complete style, with a transfer office combined.

It will be the general headquarters for the new corporation, and will be a beauty. Nothing will be spared to equip it with everything needed by the big corporation, and the work will start as soon as the queensware company can sell out its stock and vacate the building.

The transfer station will afford shelter for the public which now has to stand on the corner in all kinds of weather.

### Silver Service Committee.

There is a meeting this afternoon of the committee appointed from the general council to decide whether the city has a legal right to appropriate \$500 for the silver set to be given the gunboat Paducah. The committee is composed of the mayor, presidents of the board of aldermen and board of councilmen, city solicitor and Mr. Stanley DuBois, of the Commercial Club. The committee went into session at 3 p. m.

### Has an Immense Apple.

Mr. E. W. Whittemore, the real estate agent, has received two immense apples from Vancouver, British Columbia, which were sent to him by Mr. Clarence H. Lockman. The apples each measure 15 inches in circumference and it required 40 cents postage to carry them through the mail. All the apples in Vancouver grow very large. They are on exhibition at Mr. Whittemore's real estate office in the Fraternity building.

### Dug Through 10-Inch Wall.

Lorraine, O., Oct. 13.—Four prisoners escaped from the jail here early this morning. They cut their way through a ten-inch brick wall.

### LOOK

Fancy Pic-nic Hams per lb. .... 10c  
New Potatoes per lb. .... 10c  
We add White Dove Flour Saturday only for 70c.

**ENGLERT AND BRYANT**

## MONEY ALL GONE

THE STATE HAS NOT SENT SCHOOL MONEY.

The Paducah Public Schools Are Now Being Run On Borrowed Capital.

Today the school board is financially embarrassed. The treasury has only \$300 and is borrowing to pay expenses.

Dr. J. T. Pitcher, secretary of the board of education, stated this afternoon that only a few days ago the board had to borrow \$1,500 from a local bank to pay the teachers' expenses. He stated that when the schools started this year that there was but \$450 in the treasury. Usually in October, and before this date, the city's prorata is paid by the state but to date not a cent has been received from the state, consequently the schools are being run on borrowed capital.

If the board is successful in collecting the percentage it claims it is allowed on back taxes and fines and forfeitures the school treasury will have an increase of about \$15,000 or \$20,000, which will be a big help. Dr. Pitcher stated that several of the best lawyers in Paducah had been consulted as to whether this was a legal claim and not a one that given an opinion in the negative. He says there is no doubt but what the court will give this prorata to the board and then it will be in a position to add the facilities that are required for the accommodation of the children.

The expenses of the schools have increased very materially. Heretofore the salaries of teachers amounted to about \$3,300 but this year more teachers have been employed and the salaries accumulate in the neighborhood of \$4,500. The Mechanicsburg school was also builded and cost \$9,400. Of course this sum has depleted the treasury and caused a strain to meet other expenses.

The board is banking on the percentage of the back taxes it claims it is allowed to tide over the financial strain but if a suit is necessary against the city and the board loses the schools will have to be operated on borrowed capital.

## IN THE COURTS

### Charged With Fighting.

Henry Thwaitt and Porter Borders were arrested near Oaks, this county, yesterday by Constable Shelton for engaging in a fight and the trial is set for October 21 before Justice Jesse Young.

Tom Hill, white, charged with stealing a razor from W. D. Downs, was this afternoon tried in police court and held over to county court.

### Licensed to Marry.

T. J. Briggman, age 57, of Concord, Ky., and Mary C. Hill, of the city, age 48, were yesterday afternoon licensed to wed. It will make the second marriage of the groom and third of the bride.

### County Court.

W. B. Walters was appointed guardian for Joe B. Cox, age 10, and Edwin A. Cox, age 5 years.

### MOTHER DEAD.

**Blind Daughter's Screams as She Burned to Death Couldn't Be Heard.**

Chicago, Ill., Oct. 13.—A blind woman burned to death in her kitchen last night while her deaf old mother sat placidly rocking and mending in an adjoining room, hearing nothing of the dying daughter's cries of agony.

The blind victim was Mrs. Frances Harvey, a widow, forty-one years old. The mother is Mrs. W. Vierer, eighty-one years old. With them lived Mrs. Harvey's eighteen-year-old daughter, Emma, who works in a downtown store and has supported the family of three. The daughter reached home just as Mrs. Harvey was dying.

Mrs. Harvey had been blinded from childhood, but she knew the house by heart, and had been accustomed to doing the cooking.

Her daughter placed things where she could find them and was at hand every morning and night to attend to any details that had escaped the mother.

The blind woman had placed the kettle on the gas stove last night when the sleeve of her dress, coming in contact with the burning gas, became ignited. She cried out in pain as the fire spread over her clothing. She fought desperately, clutching at the calico.

Mrs. Vierer, in her chair, sewed and rocked and hummed a tune faintly. The cries of her daughter were without avail.

Soon Mrs. Harvey fell to the floor. There she lay when her daughter returned from her day's work.

### Low Rates to California.

From September 15 to October 31, the Illinois Central Railroad company will sell one-way second-class tickets to San Francisco, Los Angeles, San Diego, Cal., for \$33.00.

Price 50c and \$1.00. Sold in every city by all leading druggists or by mail. Prepared only by NATIONAL TOILET CO., Paris, Tenn.  
Sold in Paducah at all leading druggists.

## Just a Few of Our Many Good Things

If you have called, you are already familiar with the sterling values which have attracted Paducah housewives to our store in such large numbers during the GREAT CLOSING OUT-AT-COST SALE. But we are by no means sold out. Just to show you what values we are offering in American made china come in and see the handsomely decorated 35c salad bowl you can get for 18c. We have lots of these now, as our entire stock of them has been transferred from the wholesale to the retail department. But they won't last long at these prices. So come in early. Some cake plates in the same class which have always sold for 50c, now 33c.

We were unable to cancel the orders for many of the rare and beautiful pieces of hand painted French, Japanese and Austrian china (in sets and open stock, too,) which were especially imported for the benefit of discriminating buyers at Christmas time. As there are no exceptions to our sell-at-cost rule, you have an opportunity to buy for absolutely what we paid the manufacturer. And they are exclusive patterns, too. If you buy a set no one in Paducah or anywhere else will have one just like it. That's always a pleasant feeling to the woman who loves beautiful china. And remember that it's not "too expensive to use." Come in and see it, if only for the pleasure it will give you.

Watch our ads for other good things---cheap

### KENTUCKY GLASS & QUEENSWARE CO.

#### KENTUCKY NEWSLETS

**Drowned While Crossing River.**  
London, Ky., Oct. 13.—E. W. Johnson, a well known merchant of Annville, Jackson county, while attempting to cross a ford of the South Fork of the Kentucky river at the mouth of Wolfe creek, near Booneville, Owsley county, on horseback was drowned. His horse fell down, throwing him into the river. Being very fleshy and an old man, he became exhausted before he reached the shore, though he swam for some distance before he sank. He was accompanied by the Rev. G. W. Johnson. They had been to Breathitt county to attend the funeral of a relative.

**Will Probably Recover.**  
Mayfield, Ky., Oct. 13.—Chester Lear, who was shot by Deputy Sheriff Finis Webb Saturday afternoon at the fair grounds, and is at his home near Stubblefield, is getting along nicely. It has not yet been fully determined just the course the bullet took through his body.

**Higher Insurance On Whiskey.**  
Louisville, Ky., Oct. 13.—The Western Union of Fire Insurance Underwriters have increased the insurance rates on Kentucky whiskey 13 1/3 per cent, the increase having taken effect with the first of the present month. The notification of this decision came with something of a surprise to the distilling interests in Kentucky. Two years ago a plan was set on foot among the Kentucky whiskey and distilling interests to organize some form of mutual insurance association. This was met by

**GRIP-IT:** the cold-cure that does the work in 8 hours, and will not make you sick. Try it.

#### Use Lemon Lotion Now

And you won't be troubled with chapped hands or face during the whole winter. It makes the skin smooth and firm—a condition which is against the effects of wind and frost.

the Underwriters' Union by a cut of 50 per cent. in the rates on bonded goods. For two years the distilling interests had enjoyed the benefit of this decrease, but the insurance companies had evidently discovered that they could not afford to do business at so low a figure, and have now decided to boost the rates a little, so as to reach a profitable limit. The increase still leaves the rate considerably below what it was before the original cut was made.

**Died in California.**  
Dawson, Ky., Oct. 13.—News has reached here of the death at Pasadena, Cal., of Judge J. B. Arnold, who left here recently for his health. He lived only five days after reaching the coast.

Judge Arnold received the nomination at the hands of the democratic party last June, for police judge, but on account of his failing health was obliged to resign.

**New Railroad Incorporates.**  
Dawson, Ky., Oct. 13.—Articles of incorporation of the Dawson Springs & Madisonville railway company, have been entered for record with the secretary of state and railroad commissioners, and the right of way is now being secured for the road. When the right of way is secured the survey will be made and the road built through to Madisonville, provided the people along the line, and at Dawson Springs and Madisonville give the encouragement. Should this occur then a spur will be built from this city out three miles to the Charleston coal fields recently bought by the Dawson Coal, Coke and Railway Co., and the road stop there, where the new mines are to be opened and a big coal plant erected as soon as the railroad matter is settled.

**Smithland Commercial Club.**  
Smithland, Ky., Oct. 13.—At a meeting of the citizens of Smithland and Livingston county, a Commercial club was organized, to be known as the Livingston County Commercial club. I. Brandstetter was chosen president; Dr. G. L. Crawford, vice-president; and C. O. Lowery, secretary and treasurer.

**Fatally Hurt in a Mill.**  
Springfield, Ky., Oct. 13.—Frank Biven, one of the best-known mechanics of the county, died as the result of an injury received at the planing

**START SAVING TODAY**  
By making a deposit with the PADUCAH BANKING CO.

mill here. A piece of timber caught in a buzz-saw, which threw it with great force, striking Mr. Biven and inflicting a mortal wound.

**Appeal for Funds.**  
Louisville, Ky., Oct. 13.—In response to a telegram from President Miller of the Natchez, Miss., Relief committee, the Louisville board of trade today began a canvass of the business district of this city for funds to aid the yellow fever sufferers in Natchez. President Miller's telegram read: "The poor people of Natchez, who could not get away are without work and in dire distress. We have appealed for assistance. Can your exchange help us?"

**Killed by Spider Bite.**  
Hopkinsville, Ky., Oct. 13.—While the fifteen-months-old child of M. and Mrs. William Johnson, who reside near the city, died of blood poison caused by a spider's bite. The remains were interred Wednesday in Hopewell cemetery.

**A Drunken Man's Deed.**  
Harrodsburg, Ky., Oct. 13.—Peter Vandiver, in a drunken frenzy today, cut his throat from ear to ear, set fire to his home and tried to kill his wife and son.

**Kentucky Postal Appointments.**  
Washington, D. C., Oct. 13.—Postmasters appointed for Kentucky: Cardville, Davies county, Carrier Hamford; Nippa, Johnson county, John S. Tambaugh; Ortiz, Webster county, William J. Head.

**Rural carriers appointed:** Arlington, Route 2, William B. Wheeler, carrier; J. W. Pinkston, substitute Benton, Route 8, Daniel V. Sims, carrier; A. D. Sims, substitute, Melber, Route 1, Jack B. Whittemore, carrier; Wilton, Canada, substitute.

#### GROVER LAND SURE TO GO WITH TOLEDO

Has Signed Contract and Accepted Advance Money.

Prospects Are Toledo Will Train on the Paducah Grounds Again Next Season.

#### LAND GOES TO FLORIDA SOON

Grover Land the star catcher for the Indians the past season, is sure to go with the Toledo, American association team next year.

Last night the sporting editor of The Sun received a letter from Land who is now spending a few weeks with his family in Frankfort, Ky. The letter in part states:

"I signed my 1906 contract with Toledo yesterday. It calls for \$250 a month, and I have accepted \$100 advance money from the management.

"I got a letter from Capt. DeMontreville of the Toledo team, saying that the Toledo team would probably train in Paducah again next season if arrangements can be made with the Paducah management for the park."

Land stated that he and South constituted the battery several days ago against a "Farmer" team and that South struck out 22 men, allowed no hits and no runs and defeated the team by a score of 15 to 0.

Land and South will come to Paducah shortly to spend a week or two and will then go to Florida with South's father and brother for the remainder of the winter.

Land's many friends here will be pleased to learn that he has made good, and will be in faster company next season.

#### 1905 PENNANT WINNERS.

Baseball races except on the Pacific coast are over. Fifteen states are embraced in the distribution of pennants. Iowa will fly three flags as Des Moines won the Western league race, Dubuque the Three-Eyed, and Ottumwa the Iowa state flag. Ohio will be the resting place of the American Association and Independent Association championships, as Columbus won the former and Youngstown the latter. The successful clubs in nineteen leagues follow:

National League—New York; American League—Philadelphia.

American Association—Columbus.

Southern League—New Orleans.

Cotton States League—Greenville.

Eastern League—Providence.

Western League—Des Moines.

Three I League—Dubuque.

Northern League—Duluth.

New England League—Concord.

South Atlantic League—Macon.

Connecticut League—Hartford.

K. I. T. League—Vincennes.

New York League—A. J. & G.

Iowa League—Ottumwa.

Central League—Wheeling.

Northwestern League—Evanston.

Virginia—North Carolina League—Danville.

Independent Association—Youngstown.

**To Have Smaller Salaries.**

A southern telegram says that President Kavanaugh says that if he is re-elected president of the league he will insist on a salary limit being enforced. He says there is a general demand among the clubs for the enforcement of that restriction notwithstanding some of them paid as much as \$4,500 monthly last season while the limit was \$2,400. It is estimated that salaries of players will decrease 25 per cent next season as a result of the desire of the majority of southern clubs to reduce their pay.

#### A Daredevil Ride.

often ends in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve. "A deep wound in my foot, from an accident," writes Theodore Schuele, of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothers and heals burns like magic. 25c at W. B. McPherson's drug store.

#### Funeral Held Today.

The funeral of the late James Scott, who was yesterday killed by an engine in the Fulton yards of the I. C., took place this morning at 10 o'clock from the residence, 907 Tennessee street, Rev. B. W. Bass, of the Tenth Street Christian church, officiating. The burial was at Oak Grove.

#### SUCH A SADNESS IN THE QUAKER CITY

The Athletics Defeated by McGraw's Bullies.

They Couldn't Hit Anything But the Atmosphere—Score Was 9 to 0.

#### THE CHICAGO AMERICANS WIN

Philadelphia, Oct. 13.—Ten thousand brass lunged descendants of Bill Penn are sore at heart for the two time champions of the National league are fairly on the pike leading to the world's championship.

Mugger McGraw's scrap iron delegation from York state are the winners. They walloped the Athletics, the would-be Giant killers in the third game of the series at Columbia park yesterday by the score of 9 to 0.

The game put up by the visitors who looked like a gang of crows that had walked through whitewash, being dressed in black uniforms with white stockings, was as full of bright facets as a five-carat diamond. Every play sparkled and every player was as hot as mustard and as sharp as ginger.

The battle was between the great "Matty" and Coakley. When the game ended Coakley had been "whiffed." Matty right off the reel handed it to Coakley owing to the miserable and ragged support accorded the Athletics' south paw.

Matty for the Giants was invincible and the tribe of Ben Shibe just couldn't hit the things he pushed over the breastworks. They started as big as pumpkins but came to the plate like little white cherries. In Lulu's desert. They hit everywhere, up, down, right, left, catwampusly and any old thing except the pesky ball that was as elusive as the stygian faun before the frost settled on her tail. Even Tony Hartwell and the Good Lord took three strikes—"whiz," "whang" and "aim" until they grew red in the face and looked as though they were threatened with apoplexy. There is no doubt that mentally they buried their immortal souls under ten feet of cuss words—three strikes and back to the water barrel.

Taken all in all it was a scene of pea-green dismay, covering several acres. If you want to know the finish without further harrowing details, just take a peep at the score. It is the Liebig extract of the situation in a small compass and contains a full sized steer—beef, brawn, bone and sinew.

Philadelphia must grovel and here goes.

R H E

New York . . . . . 9 8 1

Philadelphia . . . . . 0 4

Batteries—Matty-watson and Bresnahan; Coakley and Shreck, Powers.

Umpire—O'Day and Sehidian.

**Chicago Americans Win.**

Chicago, Oct. 13.—In the second game for the local championship, Comiskey's Americans put it on Hart's Nationals making it horse and horse.

The score:

R H E

Americans . . . . . 7 8 1

Nationals . . . . . 4 13 3

Batteries—Altrock and McFarland; Reulbach, Brown and Kling.

#### UNUSUAL PRECAUTIONS

Taken Today by the Superstitious Because It is Hoo-doo Day.

Today is Friday, the 13th, and those who are superstitious are moving about rather cautiously. It is the last "hoo-doo" day in 1905.

Superstition is found among the colored people probably more than any other class of people, and many amusing incidents were noted about the railroad yards this morning. Instead of exercising the usual nonchalance and apparently careless way of boarding engines and trains, the colored employees of the yards took unusual precaution not to get into danger's way. One negro refused to go in between cars in the shop yards until the engine had stopped still and then got several feet off the right of way before he would get the back of his head for the coupling.

Quite an amusing incident was noticed near the High school when several school boys attempted to catch a little negro boy and rub him with a rabbit's foot. The negro made a bee-line for the woods and when last seen was running at about a mile a minute.

#### Last Hope Vanished.

When leading physicians said that W. M. Smithart, of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then, I have used it for over 10 years, and consider it a marvelous throat and lung cure. 'Strictly scientific cure for Coughs, Sore Throats or Colds; sure preventive of Pneumonia. Guaranteed, 50c and \$1.00 bottles at W. B. McPherson's drug store."

**WHAT IS UN-CAM-POG-ARY?**

## Payne's New Discovery

With the approach of the damp, cold season, the kidneys are exposed to great danger. The prime function of this important organ is to filter the blood of impure substance, principally poisons, which combined with uric acid spread throughout the system causing pain in the joints, muscles, back, in fact in every part of the body. PAYNE'S New Discovery is guaranteed to cure all kidney ailments, as Rheumatism and allied diseases.

#### Snatched From the Clutches of Disease.

I was afflicted with Bright's disease for fourteen weeks, suffered much pain, and my limbs were greatly swollen. In the month of Aug., 1905, I was carried from the carriage into the drug store where I met Payne and purchased his medicine. I experienced relief from the beginning, and I am now about attending to my duties without feeling the slightest trace of the disease.

#### A FINE TRAIN

May Shortly Be Run by the I. C. Over the Tennessee Central.

In connection with the Illinois Central-Southern-Tennessee Central deal, talk is again heard about running a train de luxe north out of Nashville over the Tennessee Central tracks. Soon after the completion of the Hopkinsville division the matter of running trains in connection with the Illinois Central was discussed, but no agreement was then reached. It was planned to send one of the finest trains in the south out of Nashville with the necessary baggage equipment, and four sleepers, one for Memphis, one for Louisville, one for St. Louis and the other for Chicago. This train will probably be put on soon after the official announcement of the deal has been made. Nashville Banner.

# ATTERBURY Vs. CANTERBERRY

"The True"

"The False"

## A Plain Statement of Facts in a Case of Which We Ask the Public to Judge

WHEN MESSRS. HAYS-LEVI & CO., makers of the "Atterbury System" of clothing, appointed us their special agent for Paducah we announced it with great pleasure. It was a compliment to this store---and our customers who make our store. It marked us as THE STORE OF FINE THINGS. This appointment created so much consternation in another clothing house that, if possible, to detract from the reputation of the Atterbury System they advertised, and continue to advertise, "Canterberry System." It is our purpose in this ad. to show that THERE IS an Atterbury System and that THERE IS NOT a "Canterberry System." We ask the public's investigation to find out the FALSE and the TRUE---to weigh the evidence herewith submitted, and if not conclusive in every way, FURTHER PROOF IS READY. We have refrained from making this statement of facts till now, because it has always been our policy "to mind our own business," but when others seek to mislead the public by deceptive advertising we take a positive stand and

### SUBMIT THE EVIDENCE IN THE CASE:

#### A Letter from Hays-Levi & Co. Makers of the Atterbury System

We herewith submit exact copy of a letter to us from the makers of the Atterbury System, dealing with the Canterbury System and suggesting the cause of its usage:

Exclusive Makers of

**"The Atterbury System"**

**Clothes of Gentility**

for Men and Young Men

New York Oct. 2, 05.

Mess. Wallerstein Bros.,  
Paducah, Ky.

Gentlemen:-

In looking over the Paducah papers we notice that another firm in your city advertise themselves as agents for THE CANTERBERRY SYSTEM. On account of the similarity of this name to THE ATTERBURY SYSTEM we took it upon ourselves to make an investigation. All the information we received is to the effect that there is no such make of clothing.

If there is such a system, it is of such minor importance, that it is unknown to the clothing industry.

It is our opinion that this is an advertising trick, resorted to by the Paducah firm in order to deceive the general public by confusing the name "Atterbury" with "Canterberry" on account of their similarity, thereby deriving the benefits of the reputation of THE ATTERBURY SYSTEM.

Very truly yours,

*Hays, Levi & Co.*

#### A Letter from the Publisher of "The Clothier and Furnisher"

We herewith submit exact copy of a letter to us from The Geo. N. Lowrey Co., publishers of the official magazine of the clothing trade. It is in reply to an inquiry from us asking if there was a "Canterberry System." It is self explanatory:

CABLE ADDRESS--"CLOFUR." NEW YORK.
